Canal Street Business Men  
Petition for

### ONLY TWO STREET CAR TRACKS

On Canal Street and Give Their Reasons—The Council Sustains the Mayor's Two Vetoes.

In the absence of Mayor Stuart President Ball presided at the meeting of the council last night.

A communication was received from J. A. Converse stating that it will be necessary for him to treat his sidewalk on West Fulton from Front street to the bridge, and asking for instructions from the council. The matter was referred to the committee on sidewalks.

W. J. House, publisher of the City Council Journal at Milwaukee, asked that the council forward him a copy of the official proceedings of each session. Granted.

The matter of laying water mains in Onondaga alley was referred to the board of public works.

Hiram T. Kniffin and numerous others asked that the steamboat channel nuisance be abated. Referred to the board of health.

A petition from Arthur G. Wykes and Vaughn Herpoiner & Co., asking that East street be graded from Fountain street to its northern terminus, was referred to the committee on streets.

George G. Briggs and twenty-five other business men on Canal street sent in a petition asking that the Consolidated Street Railway company be requested to remove the two outside tracks on that street.

Reasons for the Petition.

They give as their reason for making the request that four tracks are not needed any more than they are on Monroe street and that they occupy one-half of the driving space. The annoyance occasioned by the hum of the cars and the almost impossible to do business in their stores. They present the statement that the extra tracks were originally laid by the cable company because the old company refused to extend its line to the hill district, and now that the system has been consolidated and operated by the same system it is requested that the extra tracks should be terminated. The petitioners further state that upon the refusal of the company to remove the tracks the council would be justified in refusing to extend its franchise. On motion of Alderman Warburg the petition was referred to the committee on streets and the city attorney.

Sustained the Veto.

The mayor's veto in reference to the granting of saloons licenses to John F. O'Donnell and Pierce Klauer were read, and upon motion of Alderman Campbell they were sustained and placed on file. The pay roll for July and the bills of expenses for the month were reported by the controller, and accepted. The clerk was instructed to draw orders for the various amounts, when aggregated \$29,773.12.

A few quotations on street signs were received and referred to the committee on streets.

City Treasurer Sorrick asked that a committee be appointed to assist him in making settlement for the Cherry street improvement, and Alderman Conger and Campbell were appointed as such a committee by President Ball.

The special committee appointed to notify the Street Car company to use a concrete foundation instead of sand in making the repairs on Canal street, reported that the company had contracted for a concrete foundation.

Pundmaster Dykema asked the council for an assistant for two months, as his business is rapidly increasing. On motion of Alderman Stein the request will be granted.

City Attorney Taylor's advice.

City Attorney Taylor sent in a communication of advice to the committee on appeal from assessment rolls. The attorney said it was necessary that a full representation of the committee be present when the meeting is called for the purpose of considering appeals and that meetings should be held when advertised, for if all appellants are not accorded a hearing the roll would be invalidated. The communication was placed on file.

A communication from the board of police and fire commissioners asked the council to amend the charter so that a building inspector could be appointed with well defined duties with power to act. On motion of Alderman Conger it was received and placed on file.

The scaler of weights and measures asked for \$10 a month for the maintenance of his office, but the committee to whom the matter was referred reported an allowance of \$12. Alderman Conger offered an amendment making the report of the committee include a five dollar fund for keeping the horse driven by the street commissioner.

Alderman Driggs's Motion.

There being a few communications that the office of scaler of weights and measures is an unnecessary one, Alderman Driggs moved as a substitute that the city marshal be instructed to advertise that official horse and carriage for sale to the highest bidder. The substitute was lost and the report as amended was adopted.

Prof. C. W. Carman submitted a resolution.

## Shameful Confession

It is a shameful confession to make that many people are willing to use adulterated articles because they are cheaper, and in doing so often subjecting themselves to injurious effects, for it must not be supposed that those who are willing, at the cost of reputation and for the purpose of gain, to impose adulterated goods upon the public, would hesitate to use injurious adulterants.

Dr. Price has an established reputation for manufacturing good and pure articles, and his Delicious Flavoring Extracts of Vanilla, Lemon, etc., are the most perfect made.

port made at the request of the committee on lamps of his test of the electric current for street lamps. He tested the current for ten nights taking 475 volts as a standard for a nominal 500 candle power.
